

PUBLIC NOTICE

Air Quality Construction Permit For Pilot Travel Centers Flying Js

Pilot Travel Centers has submitted an application, for a new or modified air quality construction permit, to the Air Quality Program (Program) of the City of Albuquerque Environmental Health Department. The application was received by the Program on November 14, 2017. The owner of the facility is Pilot Travel Centers, 5508 Lonas Drive, Knoxville, TN 37909. The facility, Flying Js, is located at 4041 Caterpillar Ct. SE, Albuquerque, NM 87117. This application file has been assigned **Permit Application No. 3334**.

This is an application for an new gasoline station.

The proposed air pollution maximum allowable emissions from this facility have been estimated to be:

POLLUTANT	Pounds Per Hour (lbs/hr)	Tons Per Year (tpy)
Volatile Organic Compounds (VOCs)	14.84	32.5

A copy of the permit application as well as the Program's analysis, if completed, is available for inspection by the public at the Program offices. If a person wishes to receive notification of the availability of the Program's analysis for their review and comment, they must express that interest in writing to the Program before the end of the public comment period on December 22, 2017. Interested persons may submit written comments and evidence, request a public information hearing, or both on the permit application to the Program. Comments will be accepted and considered if postmarked by the end of the public comment period. Formal action on the application will be reserved pending receipt and analysis of any additional details or information developed during the public comment period. The notice and information regarding this application can be found on the City of Albuquerque's website <http://www.cabq.gov/airquality/air-quality-permits>.

The Program shall hold a Public Information Hearing pursuant to 20.11.41.15 NMAC if the Director determines there is significant public interest and a significant air quality issue is involved.

The Program expects to issue, issue subject to conditions, or deny this application before February 13, 2018. The Program will not issue or issue subject to conditions any air quality permit without an air quality ambient impact dispersion modeling study, if deemed necessary by the Program, that shows that the facility would not cause or contribute to a potential violation of air quality standards. Any person who does not participate in the permitting action will not receive notification of the Program's decision regarding the proposed permit, unless the person has delivered a written request for notice to the Program.

The Program's offices are located at 400 Marquette NW, Room 3047, Albuquerque, NM 87102. The Program's mailing address is Albuquerque Environmental Health Department, Air Quality Program – Permitting Division, PO Box 1293, Albuquerque, NM 87103.
